## Profile Summary

Creative and detail-oriented UI/UX Designer (Fresher) with a strong foundation in user research, wireframing, prototyping, and visual interface design. Skilled in Figma, usability principles, and front-end technologies including HTML, CSS, and JavaScript. Passionate about creating intuitive, user-centered digital experiences and eager to contribute innovative design solutions while continuously learning and growing in a professional environment.

### TECHNICAL PROJECTS:

- **MOBILE APPLICATION (BUILT SMART)**- Designed a construction project management mobile application that improves material tracking, workforce coordination, and site efficiency through a user-friendly interface.
- **WEBSITE FOR (BUILT SMART)**- Designed and developed a responsive construction management website featuring real-time project dashboards and material tracking modules.
- **MOBILE APPLICATION (BUILT SMART)**- Designed an admin dashboard mobile interface for project tracking and material order management to streamline operational workflows.
